Dear Mr. S Gordon,

I want this bill to pass HB 4192 as written to repeal and replace Common Core; even the psychologists say it emotionally and mentally damaging.

My sister is at work and her son came home telling him if his parents disagreed with what they are teaching to report it to her (the teacher) and she would take action against the parent and my sister felt threaten (especially since she adopted her children) maybe go to jail.

THIS IS NOT A POLICE STATE!

PLEASE PASS HB 4192 TODAY!!!

Sincerely,
Rosie J Balberde
